8) In para 6 supra ~~that~~ the Chief Engineer has stated that the estimate for Rs 5240 is scrutinised & it is in order

9) From the perusal of the estimate it is seen that no corrections have been made & that the estimate for Rs 5420 as originally prepared is allowed to stand. Therefore it is to be presumed that the figure Rs 5240 mentioned in para 6 supra is only a typographical error

10) It is stated that a sum of Rs 2000/ has already been deposited from out of the M C funds. The M C requests that Rs 2710 being half the cost of the estimate may be granted from out of the Town Improvement Grants

14) This is not an item of work for which grants are usually sanctioned from the allotment under T.I grants, as the Mpl Council derive a regular income on new investment for this purpose

15) How can orders be passed in this case unless the financial condition of the mpty for 48-49 is known? Why has not this been noted? Papers get unnecessarily delayed unless such simple information is invariably furnished by the C.W.S. It may need not be told of it every time a file is subd.
